I encourage students to take notes about the novel while they read, but these notes will **not** be graded. However, students **may** be allowed to use their notes during assessments.

Suggested notes:

- Who are the main characters?
- What are the main events?
- What is the main conflict and how is it developed?
- How is the main conflict resolved?
- What is the theme or main message of the novel?

Students will take one or more assessments for the assigned book(s) at the start of the school year.

Some of these books have been made into movies. Students should be aware that movie versions do not always follow the original plots in the books. All assessments will be based on the books.

Please email me if you have any questions.
